# Israel Foodtech - Alternative Proteins

December 8th, 10.00 – 11.15

Now on REMO.co

---

From novel proteins to green solutions and industrial ingredients, the Israeli FoodTech Ecosystem has produced an abundance of interesting new food technologies.

In collaboration Agro Food Park, Food & Bio Cluster Denmark and Business Region Aarhus, The Embassy of Israel Trade Mission, invites you to join our online event on Israeli Alternative Proteins.

You can expect to meet Israeli frontrunners in New and Alternative proteins, providing a solid perspective of the Israeli protein ecosystem. Please join us for this first of its kind B2B event, and experience groundbreaking new technologies in FoodTech.

The purpose of this event is to strengthen the exchange between two world class ecosystems, build partnerships and explore business opportunities. Please join also our Matchmaking sessions on December 9th for Networking opportunities with the Israeli protein companies.

To register and receive the full catalogue, program and [access code](#) please RSVP to [Trade@copenhagen.mfa.gov.il](mailto:Trade@copenhagen.mfa.gov.il) as soon as possible.
